

ENVELOPES FOR X-RAYS, CLINICAL RECORDS AND FILES

Security envelopes

Colours

-  Polythene envelopes made of resistant and opaque quality material, suitable for writing on the outer sides, with welding to effectively protect the contents. Applicable for X-rays, patient histories and clinical archives. And any other application where total proof of tampering is needed.
-  The adhesive fastening displays evidence of unwanted opening.
-  Triple-welded along the side for more security.

Measures

Envelopes for X-rays clinical records and files
Option of manufacturing other sizes, and designs, on request

Features
