

FISH ANCHOR

Anchor type fish

Colours

- ✓ The FISH anchor-type seal is optimal for closing openings, measuring 3.5 x 15.5 mm. As well as for reinforcing locking rings, such as for drums for liquids, barrels, steel drums, fibre drums, 20-200L.
- ✓ Manually breakable seal (patent) or easily separable with knife or tool.
- ✓ Easy manipulation using the concave head.
- ✓ Printing of logo on request.
- ✓ Easy application due to the elasticity of the seal.
- ✓ Available colours: Black, red, blue. Check availability of other colours.
