

SAFE-LOK

Adjustable security seal with metal insert

It offers maximum security against tampering

To prevent tampering, this high security seal houses the metal insert in a separate casing, which is then welded into the locking chamber

Indicative Adjustable Seal

Colours

- ✔ Its strip, which is reinforced, offers a great mechanical resistance and has a large flag
- ✔ Marking by heat stamping and laser. Possibility of marking logo, bar code, consecutive numbering
- ✔ The laser system marking offers a very high level of security. It can not be erased.
- ✔ Ideal for Cash in Transit, Banks, Retail, Hunting, Taxi-dermy, Fishing, General Government/Defense and Postal Sectors.
- ✔ Typical applications include coin sacks, doors, control of venery, tunas, control and exit of goods in super-markets/malls, inspections, regulation of species, garden centres.
